

"YOU'VE NEVER BEEN SO LOVED"

Visible

We have decided as a church to be intentional about Out-reach and being more visible in the community than a Church sign people drive passed. We want to be intentional about going out, and reaching those that we meet. During the Month of October we did this several ways. One way was to show up at events in town in volume. Not as an organized event planned, but everyone just show up in their Blue Church Shirt and be a visual impact in the community showing Love and Compassion to those that we meet. We were able to do this at local events in preparation for Halloween and had over a dozen people ask where our church was and "what we were about". The Following Sunday we had two families join us for Worship. Another way we are being intentional is being ok with being uncomfortable, and having classes on how to witness, how to disciple and how to meet the needs of those we meet, and treating every encounter as an opportunity to know Jesus better and make him known.

The Church

First Heritage is in a mountain Top experience. We have had an average of 32 during the month with a high of 38. I have made the statement that I don't want to just build a service that happens on Sunday but I want to be a force that happens in the Community, and God has been moving. I have started a breakfast prayer/Bible study on thursdays and at our very first one a couple over heard us bragging on Jesus. They began asking questions and the fiancé right there in the middle of Golden Coral expressed that she was a Muslim and she was lost and needed saving. I don't have to tell you that Jesus showed up right then and there and saved her soul. So pray that she continues to follow the Lord and be baptized. During the Month of October we have seen three new families begin attending on Sunday's and one couple join us for Bible study on Wednesdays.
