## PERSISTENCE AND GOD'S TIMING

The last few weeks have been some of the most rewarding times we have had in several months. Two weeks ago, we had a family I have been ministering to for the past 3 years attend our Bible study! This is the family I have mentioned several times in past newsletters to pray for. One of their daughters is the same age as my daughter and has been going through a lot of struggles with her mental health. They have been very open and transparent with their struggles and gave me blessing to discuss their day to day struggles in their journey. The daughter is doing much better now. The wife is a teacher at the local High School and both of my kids have had her as a teacher. She is "the" teacher everybody loves! During the Bible study, we took time to pray for her in specific, the other teachers at the school and all the students to have a safe and prosperous year. They all said they really enjoyed the service, and they would definitely be back. The husband is currently working on his Doctorate from the University of Auburn where attended while playing football. He goes to Auburn 1 week a month for classes then does zoom and on-line the other 3 weeks. This is his last semester before he graduates. As of now, he has a study group that meets on Sunday mornings. He told me after the semester, they would love to start attending regularly.

I cannot believe my daughter is almost old enough to get her license 😊 While looking for her a car this past week, we met a lady that we really connected with. She has a very compelling and unique story. Her name is Israa, and she is from Baghdad, Iraq. She is 33 yrs old and moved here with her husband and brother. She was married (arranged marriage) at 16 yrs old and had to flee Iraq because she is a Suni Muslim and her husband worked as a contractor driving truck for the US military during the war. Several members of her family were murdered for collaboration with the US. Her and her husband (who still drives trucks in the Denver area) opened up a used car lot. She is responsible for the day to day operations and her brother helps her with sales and maintenance on the vehicles. After a good conversation with her I explained to her I was a Christian minister, and she told me she knew several Christians in Iraq. When I go pick up the title to the new car, we bought from her I am going to ask her if she would be willing to come to a Bible study and share her story with us. My wife is also introducing her to people at her bank and some other women's entrepreneurial groups in the area to help her grow her business. She was very honest in the car buying process and also super appreciative of my wife offering to help her. Please pray God would direct our actions and words with Israa. She has just learned the English language and is adjusting to America. She said she is very grateful and appreciative for all the freedom and opportunities she never had in Iraq, but she does miss home.
